Doggy Daycare

We know just how much you love your pet, so they'll be treated like royalty every time they come to visit us. Even for a short visit, it will be a fun time.

Pet & House Sitting

Your pet's special and we know just how much you want your cat to feel at home, in their own home. We will take care of your pet and your home while you're away.

Pet & Personal Concierge

You're in New Orleans ready to see the sights & sounds, but wait, your princess isn't allowed. Your pet can spend the day playing in the park or a day at the spa.

Pet Taxi

Wondering how to fit Fido into your busy schedule? Is your meeting running late? Well fret no more friends, because we've got all of your pet needs taken care of.

What Makes Us Different?

We **GIVE** back! Caring for your pet isn't just a job for us, it's so much more. The welfare of animals, be it your pets, or the stray running down the street, is our **BUSINESS** & our **MISSION**.

Our approach to rescue & Pet Care is at its core fundamentally different than conventional methods. Bluetails is a non-profit, volunteer, foster based animal rescue organization, but unlike other groups we receive the majority of our funding through providing [Pet Care Services](#) throughout the Greater New Orleans area. However, like other rescue organizations, we do graciously accept [donations](#).

We Bring the best of both worlds together. Many pets today are adopted from shelters and rescue organizations. What better way to complete the circle, and have your pet pampered and cared for by us, which gives a second chance to another needy, unwanted animal. By providing Pet Care Services, that we truly enjoy doing, we in turn fund a mission we are passionate about... [Rescue](#).

Pets are family and should be treated as such. Making sure your pet is receiving quality care makes for healthy and happy pets, but also makes for a healthier family environment.

Dog Sitting

There are times when we all must leave our pets, and for some, staying in their own environment versus a Kennel Facility is preferred and even recommended. Remaining in their familiar setting causes less stress on your pets and can ease the minds of their owners as well.

Benefits of Pet Ownership:

Lower cholesterol and triglycerides. People with pets have been found to have lower cholesterol and triglyceride levels when compared to people who did not have pets, even when matched for weight, diet, and smoking habits. Decrease blood pressure and reduce stress. Studies of people undergoing stress tests or physical examinations have demonstrated that the presence of a dog lowered their heart rate and blood pressure during testing. Be less anxious and feel safer. Pet owners tend to feel less afraid of being a victim of crime when walking with a dog or having a dog in the home.

Relax and reduce everyday stress. Pets can help us relax and focus our attention away from our problems and worries. Lift our mood and feel less lonely. Pets decrease our feelings of loneliness and isolation by providing companionship to all generations.

Have something to care for. Everyone needs to feel needed and have something to care for. Many elderly citizens or people living alone will tell you their pet gives them a reason for living.

Keep active. Having a pet can help us remain more active. We may not only get more exercise from walking a dog, but we also increase our activity through feeding, grooming, and otherwise caring for our pet.

Have consistency. Pets provide some consistency to our lives. Caring for a pet can significantly affect our routine and gives us something to do and look forward to each day

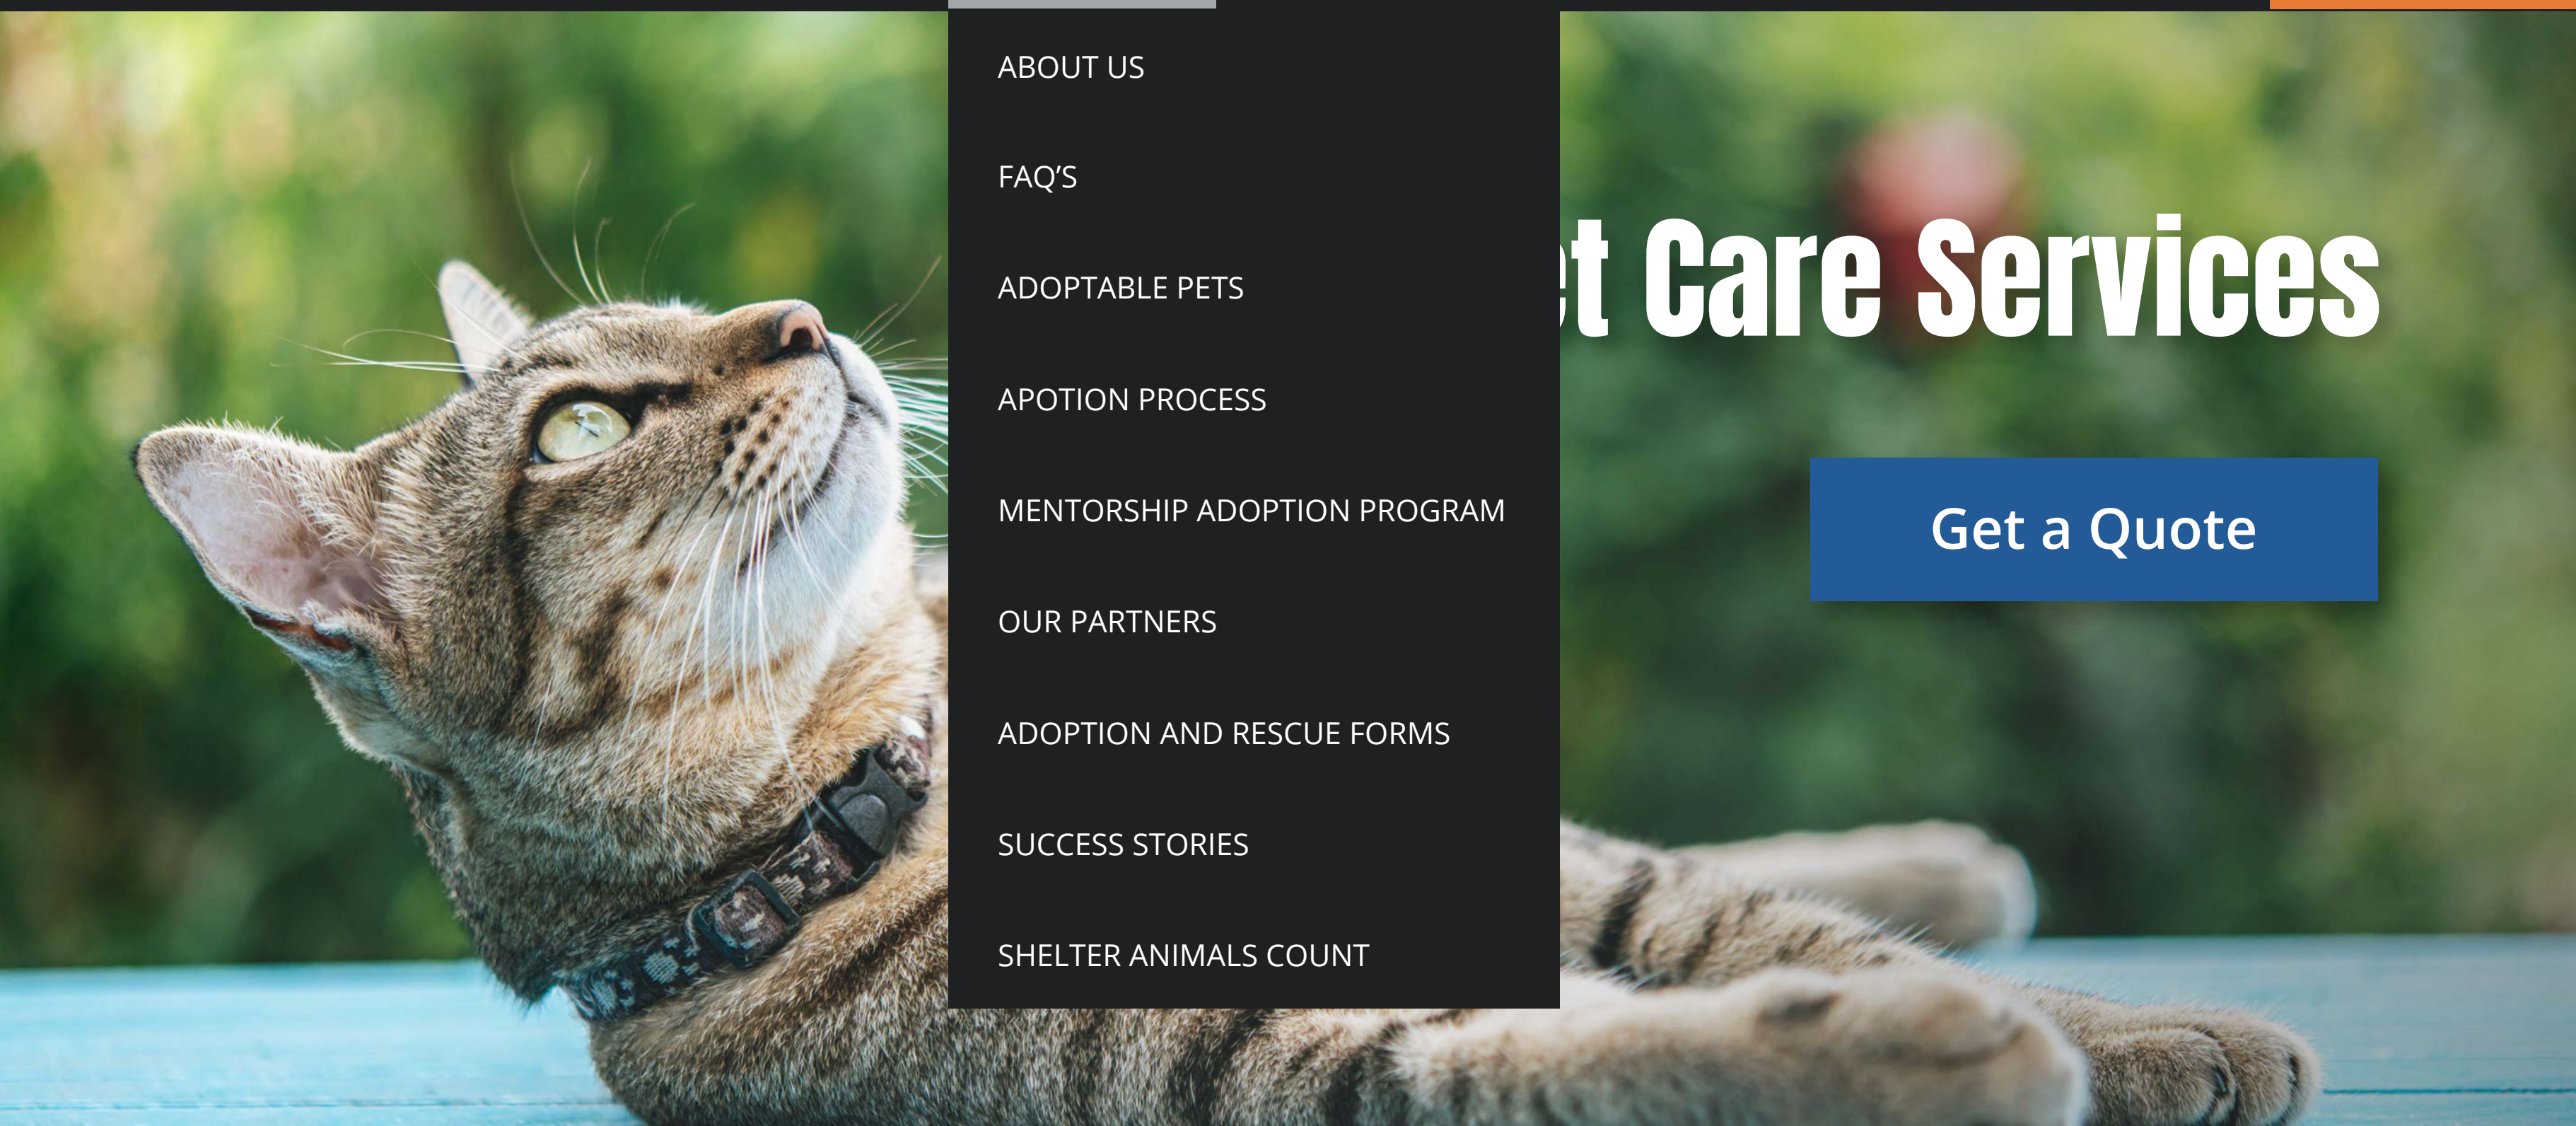

Create a sense of closeness and well-being. Families surveyed before and after they acquired a pet reported feeling happier after adding a pet to the family.

Benefits of Concierge Services:

1. Time – You will be given the precious gift of time! This allows you to do the things that matter to you the most.
2. Stress Reduction – You will no doubt have a lower stress level by allowing a trustworthy and reliable concierge do those tedious jobs that bring you stress.
3. Convenience – Look at how convenient it would be to have someone else run your errands.
4. Increased Productivity – You could increase productivity by having someone else run your errands, organize your home or office, and do many of those multi-tasking jobs that keep you busy.
5. High Quality Service – Relying on a family member or neighbor to take care of some of your tasks may not always be a good solution. The family member or neighbor may not take the tasks as serious as a professional concierge. Remember, the concierge service has their reputation at stake.
6. Peace of Mind – Knowing that things are done at the right place, at the right time, by the right person, will give you that ultimate peace of mind!
7. Affordability – Ask yourself how much an hour of your time is worth and you will find that hiring a personal concierge is cost effective.
