

UI Plan:

Drowpdown Navigation

- A sub-menu will appear when the user hovers over certain buttons

Mobile Hamburger Menu

- A hamburger menu will replace the navigation buttons when the user reduces the window size
- The menu and sub-menus will appear when the icon is clicked

Accordion Details Menu

- A text paragraph will be revealed when the user clicks on one of the accordion menu buttons
- The paragraph will disappear when the button is clicked a second time

API

- RescueGroups.org API information will be used to display custom information related to other rescue organizations near the original organization
